

Teacher/Tutor Symposiums

Integrating Civic Engagement and Workforce Readiness into ESOL Instruction

Date for the Daytona Symposium has been moved to February 17

Adult ESOL learners need to be able to read, write, listen and speak English at school, work, and in their community. As educators, it's important to create an effective and positive learning environment that helps students use English in their daily lives and work toward their educational, career and community related goals.

Join us for this half day session which will include hands on strategies and resources to;

- Effectively contextualize instruction;
 - Promote civic engagement and workforce readiness;
 - Increase rigor and relevance in English literacy and civics education.
